CIRCULAR TO PARENTS- KG I to CLASS XII

'Support Rouhi 's Journey to Wellness"

Dear Parents,

We hope this message finds you well. We are reaching out to all members of SIS family to seek your support for a very noble cause.

As many of you may be aware, Malka Rouhi, a four month old baby girl, is under treatment for rare genetic disorder. The cost of the medicine is very high, but this can give a hope for the child and her family to live on. In order to support and assist her during this challenging period, we are initiating a support campaign to collect contributions from those who are willing and able to help.

Your generous donations will go a long way in providing much-needed assistance to Malka Rouhi and her family during this trying time. Every contribution, no matter how big or small, will make a difference and will be greatly appreciated.

If you would like to contribute to this campaign for Malka Rouhi, kindly send your generous contribution with your ward in an envelope to the class teacher.

Let us come together as a community to provide support, comfort, and solidarity to Malka Rouhi in her time of need.
Your kindness and generosity will truly make a difference in her life.

Thank you for your consideration and support.

Together for Rouhi , every donation counts…!

Sincerely,
Principal
