SHANTINIKETAN INDIAN SCHOOL, DOHA-QATAR

Circular No.: **SIS-Cir./06/2025-2026** Date: **10.04.2025**

CIRCULAR TO PARENTS- CLASSES I to XII (2025-2026)
FORENOON & AFTERNOON

Dear Parents,

With reference to the concerns raised regarding the pattern and quality of the new Physical Education (PE) uniform, we would like to share the following clarifications for your kind attention:

Based on feedback from the student counsel the school has revised the uniform pattern ensuring the following aspects,

Quality Assurance

Uniform House has confirmed that the new PE uniform is of premium quality. The fabric features a dual-layer composition:

- **Inner Layer**: 100% cotton for excellent sweat absorption
- **Outer Layer**: 100% poly-viscose to prevent visible sweat stains

This specially engineered fabric is suitable for both summer and winter use and has been tailored to suit the Middle Eastern climate. It has been approved by multiple reputable organizations, including Q Companies, Ooredoo, the Armed Forces, and various government and semi-government institutions.

The fabric has passed all necessary quality and color fastness tests. We would like to reassure you that the new PE uniform is of significantly higher quality than the previous version. We believe this may be an isolated concern, and we are fully committed to resolving it promptly and professionally.

Overall, the majority of parents have responded positively to the new uniform, especially in terms of quality, color, and durability

Modesty

The addition of well-fitted overcoats provides increased confidence and freedom of movement for girls during sports activities.

Comfort

The pattern has been designed to ease the movement flexibly and comfortably. Students who have worn the uniform have provided positive feedback, particularly highlighting its comfort and suitability for Physical Education and sports activities.

Uniform Guidelines

Students are required to wear the PE uniform only on designated PE days, as per the school timetable.

Best regards,
Principal
