VISION SCREENING BY MoPH

Dear Parents,

As part of our annual health check-up, the School First Aid Unit conducts vision screening for students in Grades 1, 3, 5, 7, and 9.

This year, as per the updated Ministry of Public Health (MoPH) guidelines, the procedure has been changed. For students, identified with vision concerns, an official MoPH referral form will now be issued. After consulting the doctor, we kindly request you to return the completed referral form to the School First Aid Unit at the earliest. We will then forward the doctor's remarks to the MoPH.

Please note:

You may visit any private or government hospital for the eye check-up.

We appreciate your cooperation in helping us ensure the continued health and well-being of our students.

Warm regards

Vice Principal
